

Lakewood Seward Park Neighborhood Association
Parks Committee Meeting, Jeannie O'Brien Chair
Saturday, April 23, 2016, 10:00 am
4916 S. Angeline Street, Seattle, WA 98118
LSPNA.Parks@Gmail.com

Thank you for coming out this morning to help figure out ways to make parks in the LSP neighborhood safer, more accessible and more pleasant for everyone.

We meet today not to dwell on the problems – we all know what they are. We meet today to respectfully discuss solutions.

The time frames suggested below are guidelines to keep the discussion moving, as we have much to cover in a limited time. There are other parks in the neighborhood that will not be covered today, but there will be future meetings.

Agenda:

- I. Introductions
- II. Lake Washington Boulevard – Issues: lots of traffic during peak hours, reckless driving during off peak hours. Solutions: Crosswalks? Stop signs? Speed bumps? Speed humps? Reduced speed limit? More bicycle days? (20 minutes)
- III. Andrews Bay – Issues: too many boats, too loud, too dangerous. Solutions? (10 minutes)
- IV. Adams Street parking lot – Issues: excessive noise, illegal behavior (drugs, alcohol, smoking, gunshots), trash, intimidation. (Same problems at Stan Sayres Pits, 49th and LWB parking lot, moorage parking lot and other traffic pull outs along LWB) Solutions? (30 minutes)
 - A. Presentation by Ellen Escarcega, Chair, Citizens for Off-Leash Areas
- V. LWB Shoreline – Issues: public toileting near lake, off leash dogs, garbage including dog waste, swimming without lifeguards. Solutions? (15 minutes)
- VI. Lakewood Moorage Update by Jeannie O'Brien (5 minutes)
- VII. Adjourn
