

## **Lakewood Seward Park Neighborhood Association Mission Statement**

The Lakewood Seward Park Neighborhood Association (LSPNA) provides a forum to disseminate information and to encourage discussion and consideration of concerns and opportunities among residents, businesses and community groups. LSPNA helps foster ways to take action to address the shared concerns and opportunities. LSPNA facilitates public discussion of issues affecting the neighborhood that are brought forth by residents, businesses and community groups, whether or not they are current members of LSPNA.

LSPNA supports residents with planning projects that reflect the needs of the community and assists in procuring or developing the necessary resources to complete those projects.

LSPNA fosters cooperation of various interests and promotes activities for neighbors throughout Southeast Seattle.
